

**Color Chart Correction - Please follow this for color breaks - updates to chart is in red below.**

**Design Name: Dragonfly Earbuds Bag**

All threads are Maderia. 40 weight.

Stitches: 10,094

File Size: 4.99 by 4.99"

**Thread Order**

**Materials needed**

7" or 9" zipper

**Main Fabric**

1 panel 6.5 by 6.5

1 panel 6.5 by 2"

1 Panel 6.5 by 5.5

**Lining**

1 panel 6.5 by 6.5

1 panel 6.5 by 2"

1 Panel 6.5 by 5.5

**\* If you are using a patterned fabric for the lining, be sure to make the fabric panels face each other, pretty sides together so you have the nice side showing through when you flip the bag.**

1. Stitch out die line

2. Stitch out zipper placement

3. Center zipper, tape & stitch

4. With hoop facing up, place main fabric on top of zipper. Fabric needs to be right side face down. Secure into place with tape.

4 a. Pull out hoop and flip hoop over, place fabric lining on top of zipper line. Fabric needs to be right side face down. Secure into place with tape. Stitch both layers at the same time. \*

5. Once stitched, pull fabric up as shown to both sides of hoop. Stitch.

6. With hoop facing up, place main fabric on BOTTOM of zipper. Fabric needs to be right side face down. Secure into place with tape.

6 a. Pull out hoop and flip over then place lining fabric on zipper line the same way as shown. Secure into place with tape. Stitch. \*

7. Once stitched, pull the main fabric panel down. Secure into place with spray adhesive. Stitch out main design on the bag. A color chart is provided for the design pattern. **At this point do not turn down the lining fabric. You will turn the lining fabric down after you stitch out your design onto the bag).**

7a. Embroider pattern - (Image will vary from pattern you purchased)

8. Once design is stitched out. Pull out hoop, turn hoop over and pull down your lining fabric, secure into place with tape. Stitch. \*

9. Lay down final main fabric onto stitched out design. This fabric panel will cover the entire bag. Be sure to pull your zipper to the center of the bag. Lay fabric face/pretty side down. Stitch into place. (At this point, if you want to put a handle on the bag, this is the time to do it).

10. Pull out hoop, flip over and lay down final lining fabric piece. Put back into machine and stitch. (This stitch leaves a gap that will need to be hand sewn once you pull the bag through). \*
